ADDENDUM NO. 1

Cabinet on October 9, 1923 agreed to build a rubbish house at the rear of this building. No photograph of this rubbish house has been found. However, Photograph X 22923 shows such a structure West of the north wing of H 206. This photograph was taken before the Stadium (082) was constructed, probably between 1918 and 1922, and is not the rubbish house authorized in 1923.
